Saturday, December 5 | Day Trip

Theme: Conservation | Learn about environmental conservation initiatives and the rules of Jukai, and experience the importance of protecting its natural environment and passing it on to future generations.

Sunday, December 6 | Day Trip

Theme: Tourism | Discover the natural beauty of Jukai and Lake Saiko, and experience the region’s unique activities and attractions.

Tour Price: JPY 0 (Free of Charge)

The tour will proceed in rainy weather but will be cancelled in severe weather.

Meeting point: Meeting and finishing point: Fujisan Station (tentative)

This project is funded through Yamanashi Prefecture’s Aokigahara Jukai Area Branding Promotion Project.

CURRENTLY UNDER DISCUSSION AT THE JUKAI MIRAI KAIGI

Details will be finalized and shared around November 12–15.

What is the Jukai Mirai Kaigi?

The Jukai Mirai Kaigi (Jukai Future Forum) is a platform where local stakeholders come together to share the attractions and challenges of the Aokigahara Jukai Forest and discuss its future, with the aim of balancing nature conservation and sustainable tourism.
By bringing together diverse perspectives from the local community, we seek to discover new attractions and possibilities of the Aokigahara Jukai Forest and pass them on to future generations.
